Date of Council Meeting: November 12, 2024		
Subject: Review of Halifax Transit Collisions		
Motion for Council to Consider:		
That:		
Halifax Regional Council direct the Chief Administrative Officer (CAO) to prepare a staff report and presentation on transit-related collisions in HRM. The report should include data for injuries in the current year and the previous 5 years to identify trends. The report should also highlight current and planned initiatives to mitigate and reduce transit-related accidents and collisions involving vulnerable road users.		
Reason:		
Halifax Transit is in the process of expanding service and staffing levels at a time when HRM is undergoing rapid growth. Regional Council should be aware of any systemic factors that may be contributing to transit-related injuries in order to identify risks and potential mitigating measures.		
Outcome Sought:		
A staff report with baseline data and initiatives to mitigate and reduce transit-related accidents and collisions.
